POLLARD EQUIPMENT

**Make Our Experience
Your Advantage**

Shop Talk •

Our shop, warehouse and administration offices are located on 2.5 acres in the heart of Chilliwack's industrial center.

The fully equipped service facility boasts three complete repair bays as well as a dedicated component rebuild center.

We offer a fleet of mobile repair trucks ready to tackle any problem in the field that you may have.

Our technical repair staff, with a combined 150+ years of experience on all types of equipment, is able to advise and correct any mechanical, electrical or hydraulic issues that may arise.

For more technologically advanced machines, we offer complete computer diagnostic reporting.

New, Used, Exchange, Rebuilt Parts & Components •

QUALITY, COST & DELIVERY •

Whether you require a lip seal or a drop-in engine, we can supply you with the parts and services that you require.

Our parts department boasts over a million dollars worth of ready to use, quality replacement parts to reduce down time and improve your bottom line.

With access to parts sources all over North America and abroad, we can provide fast response times.

The quality, price and availability of our parts and components make Pollard Equipment (Chilliwack) Ltd. "the ideal partner" for your company's parts & repair needs.
